DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-9 and 13-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 is not clearly understood due to the inclusion of phrases “such as a trim, weather strip, and window molding” and “such as an automobile door, trunk, and window” since it is not clear if these are supposed to be limitations or merely examples.

Claim 8 is not clearly understood. The phrase beginning with “only one coating body” is not understood since only one coating body is claimed, but the phrase implies that there is more than one coating body. If the coating body is the correct part, please replace “only one” with –the--. If the coating body is not the correct part, please make the correction.

Claim 9 is not clearly understood since a second coating body is claimed but it is not clear how it is related to the previously claimed structures.

Allowable Subject Matter

3. Claims 1-9 and 13-22 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

4. The following is a statement of reasons for the indication of allowable subject matter: The primary reason for indicating allowable subject matter is the pushed-in portion

which extends down beyond the end portion of the core material, which is not found in the prior art of record.
